Justice for Rita Brandenburg Tour

25 NOV 2019 - Justice for Rita & "No lager for women* and children!, Abolish all lagers!

The demand for justice for Rita continues. Join us on the 25.11.2019, the International day for „the Elimination of Violence against Women“, to protest on violence against refugee women* and demand the closure in particular of the Hohenleipisch Lager as a first step to abolish all camps.

On 7th of April 2019 our sister Rita Awour Ojunge disappeared leaving behind two small kids. She was 32 years old, from Kenya and had been living in Germany for more than 7 years in the Lager of Hohenleipisch. It took the police 3 months to discover her remains in the forest near the Lager. It took pressure from different sectors to start looking for her despite the reports of many of her friends and neighbours. Up to now, no details surrounding the circumstances of her death have been released officially. But just imagine if Rita would have been a white woman with a German passport.

Violence against women*, abuse, harassment are a global phenomenon in this sexist and racist world and that is why the 25.11. was designated as the International day for the Elimination of Violence against Women.

In Germany and all other European countries the violations and violence against women* is constantly present which is also reflected by the full women shelters. All over the world it is the same fight.

This is why we are asking for your solidarity. Let's stand up together, no matter which gender, race or religion to join us this year on the 25.11. to travel together with us to Hohenleipisch and **continue demanding** :

- **Justice for Rita**
- **Make it loud and clear: "No lager for Women* and Children", "Abolish all Lagers"**
- **The Lagers in Brandenburg are not a safe place for Women* and children.**
- **The Lager of Hohenleipisch has to be closed immediately!!!**
